

IFQRG-6
International Forestry Quarantine Research Group
Sept 15-19, 2008 Rome, Italy
Draft Agenda (ver.Sept 4)

General Business - Monday morning

- Introductions
- IFQRG background – Eric Allen
- Action items from IFQRG-5 (IFQRG 2008-03 – IFQRG-5 Report)

Agency Reports - Monday Afternoon

- IPPC
 - o CPM-03 – (IFQRG 2008-04 – forestry highlights)
 - o ISPM 15 implementation, revision – (IFQRG 2008-05 – ISPM 15 revision)
 - o Other standards – status of Plants for Planting EWG
 - o TPFQ – (IFQRG 2008-07 – TPFQ 2007 report)
 - o TPPT – (IFQRG 2008-08 – TPPT 2007 report highlights)
 - o TPDP
- IUFRO 7.03.12
- Other meeting highlights
 - o ISPM 15 – Nanjing, China (Jan 2007)
 - o Others?

Current phytosanitary issues – regional updates Tuesday Morning

- NAPPO
- EPPO
- COSAVE
- APPPC
- Other RPPOs

Discussion topics – Research reports - Planning Tuesday afternoon - Friday

- TPFQ Standards development
 - o Management of phytosanitary risks in the international movement of wood (IFQRG 2008-09, presentation - Zak)
 - o International movement of seeds of forest tree species (IFQRG 2008-10)
 - o Forest pest surveys (IFQRG 2008-11)
 - o ISPM 15 revision - (IFQRG 2008-05 – ISPM 15 revision)
- Plants for planting (IFQRG 2008-12)
- Barcode of Life (presentation - Allen)
- Phytosanitary risks of forest products analysis
- Risks associated with fungi in wood moving internationally - Allen
- Risks associated with old, unmarked wood packaging
- Wood treatments
 - o Development of treatment protocols/efficacy testing (IFQRG 2008-13)
 - Pests for inclusion in testing protocols

- Statistical considerations
- Heat Treatment
 - Thermotolerant organisms – heat shock proteins (EAB)
 - HT best practices draft (IFQRG 2008-14)
- Microwave/RF
 - IPPC MW Treatment submission
- Fumigation / Modified Atmosphere
 - MB issues
 - Other fumigants
 - fumigation best practices draft
- Chemical Impregnation
 - Wood preservative penetration
 - Best practices guidelines
- Other phytosanitary issues requiring IFQRG attention

Review and adoption of IFQRG-6 report - Friday afternoon
