

**International Forestry Quarantine Research Group**  
**Nov 29 - Dec 1, 2005**  
**Draft Agenda (November 22, 2005)**

**Tuesday, November 29**

**General Business**

1. Introductions – meeting goals [*Document - IFQRG 2005-01*]
2. Review minutes from Spring 2005 IFQRG meeting (Shane Sela)
3. Dec 2005 Agenda [*Document - IFQRG 2005-02*]
4. Report from IPPC (Brent Larsen)
5. Report from ICPM 07 (Eric Allen)
6. Report from Technical Panel on Forestry Quarantine (Mike Ormsby, Greg Wolff) [*Document - IFQRG 2005-03*]
7. Terms of Reference [*Document - IFQRG 2005-04*]

**Discussion of phytosanitary risks associated with bark on wood packaging following treatment by HT or MBr**

- a. Report from the IPPC expert working group on debarking (Shane Sela - Tom Searles) [*Document - IFQRG 2005-05*]
- b. Presentation of research results (15 min @ Hugh Evans, Humble (Eric Allen), Thomas Schroeder (Hugh Evans), Dwinell (Kerry Britton), Bob Haack, Armando Martinez [*Documents - IFQRG 2005-06-14*]
- c. Presentation of results of wood packaging audits (Doug Walsh, Shane Sela Harry Arijs)
- d. Develop report based on question framework (strike committee to write draft report) [*Document - IFQRG 2005-15*].

**Wednesday, November 30**

**Committee Reports** (presentations by chair or designate)

8. Review of approved measures:
  - a. Heat treatment (Chair: Hugh Evans (UK))
  - b. Methyl Bromide (Chair: Al Barak (USA))
    - Report from IPPC secretariat regarding fast track modification of MBr schedule (Brent Larson) [*Document - IFQRG 2005-16*]
    - Discussion of recommended modifications to MBr schedule in IPSM 15
9. Review of proposed measures, new technologies and information:
  - a. Report from Technical Panel on Phytosanitary Treatments (Mike Ormsby)
  - b. Chemical Impregnation (Chair: Frank Brooks)
  - c. Radiation, Microwave (Chair: Thomas Schroeder (Germany))
    - EMITECH microwave technology [*Documents - IFQRG 2005-17, 87*]
  - d. Fumigation and modified atmosphere (Chair: Vic Mastro (USA) [*Documents - IFQRG 2005-98-22*]
  - e. Global interception database and information sharing (Chair: Shane Sela (Canada))
8. Standard Interpretation
  - a. ISPM #15 Listserv Discussion (Chair: Roddie Burgess (UK))

**Thursday, December 1**

9. Discussion/adoption of debarking report
10. Discussion of priority Forestry Quarantine questions
  - a. Status of ISPM 15 implementation, workshops, outstanding issues/problems
  - b. Technical Panel on Forestry Quarantine requests for IFQRG consideration (Mike Ormsby):
    - Reinfestation of forest products (discussion document)
    - Predicting and monitoring quarantine pests risk for forestry (discussion document)
    - Logs as dunnage (discussion document)
    - Identification of alternatives to methyl bromide (continued research)
  - c. NAPPO Forestry Panel current issues (Shane Sela)
  - d. EPPO Panel on Quarantine Pests for Forestry (Andrei Orlinski)
  - e. Other forestry quarantine issues [*Documents - IFQRG 2005-23, 24*]
11. Report from IUFRO Unit 7.03.12 “Alien invasive species and international trade” (Hugh Evans)
12. Experimental Study Planning
13. Meeting summary, adoption of report
