

**International Forestry Quarantine Research Group
(IFQRG-05)**

**Sept 10-14, 2007 Rome, Italy
Draft Agenda – rev Aug 31**

General Business Monday morning

- New members – Shane Sela
- IFQRG background– Eric Allen
- Economic analysis group - opportunities

Agency Reports Monday Afternoon

- IPPC
 - o CPM-02 – Brent Larson
 - o ISPM 15 implementation – Brent Larson
 - o Other standards – Brent Larson
 - o TPFQ –Greg Wolff
 - o TPPT – Mike Ormsby
 - o TPDP – Brent Larson
 - o “Debarked and bark-free wood” draft standard – Brent Larson
- IUFRO 7.03.12 – Eric Allen/Kerry Britton
- Science Meetings
 - o CSIRO Timber Forum (Nov 2006) – Cheryl Grgurinovic
 - o SOD Science Symposium (March 2007) – Kerry Britton
 - o Sirex Science Symposium (May 2007) – Gillian Allard

Current phytosanitary issues – regional updates Tuesday Morning

- NAPPO – Shane Sela
- EPPO – Andrei Orlinski
- COSAVE
- APPPC
- Other RPPOs

Discussion topics – Research reports-planning Tuesday afternoon - Friday

- Bark risk
 - o Results of IPPC bark survey – Eric Allen
 - o Bark size and pest risk – Bob Haack
 - o Review proposed TPFQ changes related to bark – Greg Wolff
- Plants for planting – Kerry Britton
- *Phytophthora spp.* in forests and trade – Shane Sela
 - o NAPPO conifer risk report
- Phytosanitary risks of forest products analysis
- ISPM 15 treatments

- Development of treatment protocols
- Criteria for evaluating treatment efficacy – Eric Allen
 - Ide-Beeche groupings - Mike Ormsby
 - Efficacy test requirements – Michael Ormsby, Adnan Uzunovic, Kelli Hoover
- Heat Treatment
 - Thermotolerant organisms – Ron Mack
 - HT exposure modeling – Eric Allen
 - Passive/Solar heat treatment
 - Results of J. Banks tests in Fiji, Australia
- Microwave/RF – Kelli Hoover,
 - IPPC MW Treatment submission – Roddie Burgess
- Fumigation / Modified Atmosphere – Ron Mack
 - MB issues
 - Other fumigants
 - Fumigant monitoring technology – Dennis Glennon
 - Low pressure vacuum treatment – Zhangjing Chen
 - IPPC SF Treatment submission – Thomas Schroeder
- Chemical Impregnation – Christoph Chauwecker
 - Wood preservative penetration
- Other phytosanitary issues requiring IFQRG attention

Review and adoption of IFQRG-05 report - Friday afternoon
